

RUDRA PRATAP SINGH

AI Engineering Student | Full Stack Developer

Email: rajputrpsingh91@gmail.com | Phone: +91 93107 95416 | Location: Greater Noida, India

EDUCATION

Galgotias University

B.Tech in Artificial Intelligence & Machine Learning

Greater Noida, India

CGPA: 8.75 (Till I Semester)

TECHNICAL SKILLS

Languages:	Python, JavaScript, SQL, HTML5, CSS3
Frontend:	React.js, Next.js, Responsive Design, Vanilla CSS
Backend & Databases:	Node.js, Express.js, MongoDB, PostgreSQL
Core Areas:	Data Structures & Algorithms (DSA), System Design, Database Systems

ACADEMIC PROJECTS

Full-Stack Portfolio

Built a custom responsive portfolio highlighting projects, skills, and coding accomplishments using HTML, CSS, and vanilla Javascript animations. Built-in interactive counter stats and classification details.

AI/ML Prediction System

Designed and evaluated Machine Learning algorithms to identify trends and patterns, achieving high prediction accuracy using Python, Pandas, and Scikit-Learn.

Interactive Database System

Developed a robust full-stack relational database management application, optimising queries for data integrity and high performance.

ACHIEVEMENTS & CODING PROFILE

- Resolved over 250+ algorithmic coding challenges across platforms like LeetCode, GeeksforGeeks, and HackerRank.
- Demonstrated deep understanding of Data Structures and Algorithms with a focus on writing clean, readable, and optimised code.
- Active member of the University AI Engineering division and developer community.
